# CABINETS FOR THE MODERN KITCHEN

## MODERN — PRACTICAL — ECONOMICAL

Today's kitchen becomes a matter of pride instead of apology — a place where guests may venture and find charm and beauty in harmony with the rest of the home. Here is shown but one typical arrangement. Others are arranged to fit available space and to provide desired working facilities and storage area of any size.

We have cooperated with the manufacturers of sinks, counters, refrigerators and ranges, in designing cabinets that conform to their sizes. In fact, you will find the Angel Modern Kitchen Cabinets have been worked to go with any modern kitchen appliance.

The above Combination is composed of the following Individual Units:

Two Wall Sections No. 565 — described in detail on page 37.

One pair of Grilled Sink Front Doors No. 574 — shown on page 36.

Three Base Sections No. 570 — as shown on page 34.

One Base Section No. 571 — described in detail on page 35.

Counter Top sold separately (No. 705). Hardware furnished.

Open Sash Doors can be supplied at the same price as Panel Doors in wall sections only, as illustrated . . . but, unless specified, Panel Doors will be furnished.

# KITCHEN CABINET ARRANGEMENT

## DESIGNED TO GIVE YOU THE MOST FOR YOUR KITCHEN-DOLLAR

This arrangement has an exceptional amount of storage room though occupying very little floor space.

The above combination is made up of the following Sectional Units:

Three Base Sections No. 570 — as described in detail on page 34.

One pair of Sink Front Doors No. 574 — as shown on page 36.

Two Wall Sections No. 565 — see page 37 for complete details.

Counter Top sold separately (No. 705). Hardware furnished.

Open Sash Doors can be supplied at the same price as Panel Doors in wall sections only, as illustrated . . . but, unless specified, Panel Doors will be furnished.

Similar installations, just as compact and practical, may be arranged for a kitchen of any size and style of layout — by the grouping of individual sections as shown from pages 33 to 38.

# KITCHEN CABINET ARRANGEMENT

FITS ANY SPACE — PERFECTLY  
GIVES YOU ANY COMBINATION OF CONVENIENCES

An ideal arrangement for large kitchens. Breakfast Nook saves many steps. A place for everything at hands' reach — especially designed to save space and steps.

The above combination is made up of the following Individual Sections:

No. 100 Breakfast Nook — described in detail in Dining and Soda Booth Section.

Round Corner Base Section No. 573 — as described on page 33.

Three Base Sections No. 570 — shown on page 34.

One Base Section No. 571 — described in detail on page 35.

One pair of Grilled Sink Front Doors — as shown on page 36.

One Wall Section No. 565 — described in detail on page 37.

One Corner Wall Section No. 567 — described in detail on page 38.

Counter Top sold separately (No. 705). Hardware furnished.

Open Sash Doors can be supplied at the same price as Panel Doors in wall sections only, as illustrated . . . but, unless specified, Panel Doors will be furnished.

A 90" height is recommended to the top of wall units. This height is made up of 4" toe space, 35 $\frac{1}{4}$ " cases beneath the counter,  $\frac{3}{4}$ " counter top, 15" work space above counter, and 35" wall units. This places the shelves in the wall units within easy reach.

# COMPLETE COUNTER INSTALLATION

Angel No. 2000

## MODERNIZING THAT MEANS ECONOMIZING

Of utmost importance is the economy feature . . . the protection and long life added to the counter top with "Angel's" MASTROLEUM covering.

As is shown by arrow No. 2 in the above illustration, the edges of the MASTROLEUM covering and the edges of the counter are protected with a highly polished ultra-modern heavy aluminum moulding. Also please note the curved edging that is placed about the counter edges facing the sink space . . . indicated by arrow No. 1 . . . protects not only the edges of the MASTROLEUM covering and counter top but makes possible the assurance of a Drip-Proof counter about the edges of the sink.

The illustration, as above, shows a White Pine Counter Top, complete with MASTROLEUM covering, sink, polished ultra-modern aluminum Moulding (arrow No. 2), and curved polished aluminum edging (arrow No. 1).

Sold complete with white enamel flat rim sink as illustrated above. In ordering, please specify the size of sink desired and the length and width of counter top. (No allowance for sink space.) Shipped completely assembled and set-up as illustrated.

Sink is carried in stock in the following sizes:

18" x 24"  
18" x 30"  
20" x 30"  
18" x 36"  
20" x 36"

The metal mouldings used in "Angel's" Counter Tops provide the last word in up-to-the-minute modern moulding design. Not only do they simplify the actual labor of installation and provide a beautiful highly polished trim, but when the installation is completed, not a screw or a nail shows — nothing but the beautiful face of the moulding.

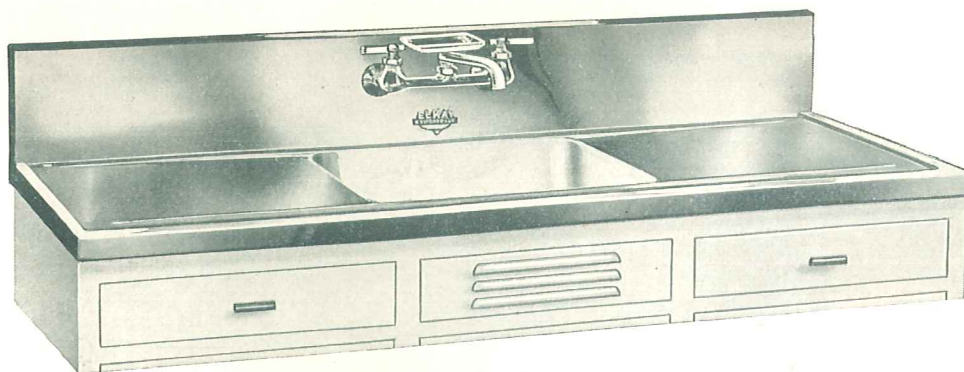

Samples or complete details of sizes and prices will be gladly furnished upon request.

# DRAWER CASES

- 1 Four frames built into this case with mortised and tenoned joints makes possible the strongest, most solidly constructed Drawer Case of its kind on the market today.
- 2 A special gage attached to the top of the back end of each drawer runs along a hardwood drawer guide, preventing sagging when opened.
- 3 The top of the sides on each drawer are rounded smoothly — resulting in easier sliding drawers.
- 4 Each drawer has a lip front on all four sides, making possible real dust-proof drawers.
- 5 Braces are placed on both sides — resulting in a rigid and unshakable case.
- 6 All joints are mortised and tenoned, making possible an unusually strong rigid Case, eliminating all possibilities of Split Stiles — so often found on the old style tongued and groove jointed form.
